From: Scott Walton  
Manager, Navigation Center and Shelter Programs

Re: **Summary for Current Nominations for Seats on the Shelter Grievance Advisory Committee**

The Shelter Grievance Advisory Committee (SGAC) is an independent 10 – 15 member oversight Committee composed of representatives from advocates, shelter providers, homeless and formerly homeless consumers, city agencies and the community. The SGAC oversees the shelter grievance process for persons who are denied service at a shelter serving persons experiencing homelessness and makes recommendations for improvements to the shelter grievance process and related policies. The SGAC meets quarterly and members are appointed by the Local Homeless Coordinating Board.

There are currently four open seats; one At-Large representative, one currently or formerly homeless Family Consumer, one currently or formerly homeless Single Adult Consumer, and one currently or formerly homeless Youth Consumer (person between 18 and 24 years of age).

For the Local Homeless Coordinating Board's August 29<sup>th</sup> meeting, the following nominations were received by close of business on Monday, August 20<sup>th</sup>.

**At-Large Seat:**

- Terezie Bohrer
- Robyn Hodges
- Nicholas Kimura
- Marcia Segura
- Alison Van Nort

**Family Consumer Seat:**

- Jacquelynn Evans Gbogboade

**Single Adult Consumer Seat:**

- Stephen Irwin
- Joe Kenan

Nominees were invited to the August 29<sup>th</sup> LHC Meeting on 8/23/2018. They were informed that there is generally an opportunity to make a brief statement to the Board and it was suggested that the statement include the specific seat they are seeking and anything that qualifies them for the seat.

After the LHC's consideration, recruitment will continue for any unfilled seats.

Thank you for your consideration regarding filling the vacant seats for which there are nominees and for your support of the work of the Shelter Grievance Advisory Committee.
