### 2019 LOCAL NEW & RENEWAL PROJECTS REVIEW PROCESS

#### STATEMENT OF POLICY:

While all decisions about the San Francisco Continuum of Care (CoC) Project Review Process are subject to review and approval by the Local Homeless Coordinating Board (LHCB), our community values public input and community discussion around all aspects of the CoC. In the event of requirements or policy directives in the Notice of Funding Availability (NOFA) that necessitate changes to the scoring process, LHCB staff will endeavor to provide a public process for discussion and community input.

- CoC designs a project review process and LHCB approves it prior to NOFA release.
- HomeBase collects Annual Performance Reviews (APRs) and supplemental information as needed.
- HomeBase completes assessment and review of renewal projects and prepares project evaluations.
- After the NOFA is released, application and project review documents are updated to address any unexpected elements of the NOFA. If feasible, the Funding Committee will meet to discuss proposed changes to the application and project review process. All changes are approved by LHCB at next meeting.
- Projects receive preliminary scores with their project evaluations and are invited to provide a narrative response to be considered by the Priority Panel. The Priority Panel will review only those scoring factors identified by the projects and other factors may remain at the pre-scaled score. Panelists have the discretion – but are not required – to review other scores to maintain consistency across all projects.
- Applicants attend a Bidders’ Conference, receive application materials, and have time to complete and submit their applications.
- LHCB staff will recruit Priority Panel members, prioritizing members who have served as Priority Panelists in the past or who have other relevant experience. Priority Panel members will sign “no conflict of interest” and confidentiality statements.
- All projects will submit applications to DSHS, including a HUD Project Application, required local application materials, and match documentation. All documents should be submitted electronically in separate PDF files via the instructions on the Proposal Submission Checklist.
  - Late applications received within 48 hours of the due date/time will receive a 15-point score reduction. A 5-point reduction will be applied to any project that fails to submit either the electronic or paper copy of the application by the application deadline. Incomplete applications cannot be cured for Priority Panel scoring, but, if selected for funding by the Priority Panel, must be corrected prior to HUD submission.
- Priority Panel members are trained, as appropriate, and receive applications. Panelists review applications.
- LHCB staff and HomeBase review project applications and provide technical feedback. DSHS/LHCB staff determines whether project thresholds are met.
- If an agency has a grant for a program that it would like to transfer to another program in the agency, perhaps because the original project is not meeting HUD performance expectations or is no longer as needed in the community, that agency may “reallocate to itself.”

- Agencies considering this option should consult with DSHS and/or HomeBase, as grant amendment may be a better option. There are some requirements involved in changing a program via reallocation, including the populations that must be served under the 2019 NOFA.
- In the competition, only that agency may apply for the earmarked funding as long as the reallocated project application is reasonably strong and is compliant with HUD requirements. The reallocated project application will be scored with the other new projects. The application must score at least on a comparable level with the other new project applications.
  - If the application is reasonably strong, an extra 5 points (parallel to the bonus points for renewal permanent housing) will be added to the final score and the project will be placed in rank order with the renewal projects. The project may be in Tier 1 or Tier 2, depending on its score.
  - If the application is not reasonably strong, the Panel may use the funding for another new project, rank the new project at the bottom of Tier 2, or suggest the agency revert to the old program.
- Priority Panel meets to review and discuss applications together, identify technical assistance needs, and to continue to individually score them. Priority Panel members then finalize individual scores. Scores are added and applications are ranked and placed into either Tier 1 or Tier 2.
  - Renewal projects that do not yet have performance data for a full year of operation will be held harmless and awarded full points on all scoring factors that cannot be evaluated. Second-time or older renewal projects that do not have performance data for a full year of operation will be required to submit an explanation as to why they have not started spending out project funds and provide a plan for doing so within the HUD-mandated period. In extreme cases where community funding is at risk, panelists may exercise discretion, including recommending reallocation or placement into Tier 2.
    - First-time renewal housing projects that propose to apply for fewer than 90% of the units in their original New Project application will not be held harmless, and will receive two-thirds points on all scoring factors that cannot be evaluated.
  - Renewal HMIS and Support Services for Coordinated Entry projects will be ranked at the bottom of Tier 1.
  - New HMIS and Support Services for Coordinated Entry project applications will be ranked at the top of Tier 2.
  - If the HUD tier rules allow for projects to “straddle” the tiers, i.e. to fall partially in Tier 1 and partially in Tier 2, then the top-scoring non-HMIS, non-Coordinated Entry project in Tier 2 will be moved to straddle the tiers.
  - New projects will be scored and ranked based on the New Project Scoring Tool.
  - The San Francisco CoC prioritizes projects that will continue to preserve existing permanent housing in order to maximize San Francisco’s housing inventory.
- The Priority Panel may identify projects that should be reallocated, in whole or in part, or re-ranked in favor of a new project, based on community priorities as determined by the CoC and DSHS.
- Preliminary scoring results are delivered to applicants with a reminder about the appeals process.

- All applicants that are eligible to appeal will receive all Priority Panelist scores in advance of the appeals deadline. Projects facing reallocation will have additional appeal rights (see separate Appeals Policy for more detail). In addition, Priority Panel score sheets will be made available upon written request after the local competition closes. All applicants can also report any discrepancies in their score sheet, although this is not considered an official appeal.
  - If a panelist assigns a score, for any scoring factor, that is *lower* than the project's pre-scored points for that factor, that panelist will be asked to explain their decision. Relevant Priority Panel comments on that factor will be provided along with the project's Priority Panel score sheet.
- Appeals, if any, are reviewed by the Appeals Panel of non-conflicted LHCB Members.
- LHCB meets to consider and approve a final CoC ranked funding list. If any renewal project does not apply for funding or is identified by the Priority Panel as in need of reallocation, that funding may be reallocated to a new project. **The LHCB will make all final decisions about reallocating funding from any project.**
- If funding becomes available after approval of the final ranked list, through reallocation or budget corrections, LHCB staff will offer the excess funding to new project applicants in order of project ranking.
- Projects will submit copies of letters or documentation for all match resources listed in their application.
- Applications will be submitted with the City-wide application and applicants will be invited to attend the 2019 NOFA Debrief.

The process is welcoming to persons with disabilities, persons who have experienced homelessness, and persons with limited English proficiency. If you need any accommodations, please contact Charles Minor at [Charles.Minor@sfgov.org](mailto:Charles.Minor@sfgov.org) or 415-557-6007.

# SAN FRANCISCO LOCAL HOMELESS COORDINATING BOARD

## 2019 MCKINNEY-VENTO CONTINUUM OF CARE HOMELESS ASSISTANCE GRANTS

### 2019 APPEALS POLICY AND PROCESS

Applicants may appeal if: (1) the project is not funded or receives less funding than the amount in the application; (2) the project is ranked in Tier 2 of the CoC application (in which the applicants funding may be at risk); or (3) the project falls into the bottom portion of Tier 1, as described below. All notices of appeal must be based on the information submitted by the application due date. No new or additional information will be considered, unless the project is facing reallocation. Omissions to the application cannot be appealed. The decision of the Appeal Committee will be final.

The Appeal Committee will be made up of three (3) members of the Local Homeless Coordinating Board, along with one non-voting representative from the Priority Panel. The voting members will not have participated on the original Priority Panel or have a conflict of interest with any of the agencies applying for McKinney funding. The role of the Appeal Committee is to read and review only those areas of the application that are being appealed.

### PROCESS

- A preliminary ranked CoC Program funding list is posted.
- Each agency will have one (1) business day to request copies of their score sheets, including relevant panel comments. Programs will contact HomeBase at [sfNOFA@homebaseccc.org](mailto:sfNOFA@homebaseccc.org) to request score sheets. Once requested, score sheets will be emailed to programs.
- Eligible Appeals: Any project that is 1) not funded or receives less funding than the amount in the application; 2) a renewal project that is ranked in Tier 2 of the CoC application (in which the applicant's funding may be at risk); or 3) falls into the bottom portion of Tier 1 that equals the Tier 2 amount may appeal the application's score based on their score sheets. The preliminary CoC Program project funding list will indicate which applications fall into these categories at the time it is posted.
- Any sponsor agency may report any discrepancies in their score sheet to Charles Minor at (415) 557-6007 for the purpose of avoiding such errors in scoring in future years, and such report will not constitute an appeal.
- Any and all appeals must be received in writing within the two (2) and a half business-day appeal period; therefore, all written appeals for applications that are eligible to appeal at the time the preliminary McKinney project priority list is posted must be received by the appeals deadline established for the local competition.
- All notices of appeal must be submitted electronically to HomeBase at [sfNOFA@homebaseccc.org](mailto:sfNOFA@homebaseccc.org) **AND** Charles Minor at [Charles.Minor@sfgov.org](mailto:Charles.Minor@sfgov.org) . Please note that appeals sent only to [Charles.Minor@sfgov.org](mailto:Charles.Minor@sfgov.org) will not be considered.
- The notice of appeal must include a written statement specifying in detail each and every one of the grounds asserted for the appeal. The appeal must be signed by an individual authorized to represent the sponsor agency (i.e., Executive Director) and must include (highlight and/or cite) the specific sections of the application on which the appeal is based. The appealing agency must specify facts and evidence sufficient for the Appeal Committee to determine the validity of the appeal. That is, the notice of appeal must have attached the specific areas of the application being appealed and must also clearly explain why the information provided is adequate to gain additional points. The Appeals Panel may take notice of the fact that issues are being raised that

could and should have been raised in final submissions and may use their discretion in reviewing those and other factors during the Appeals Process.

- If a program is facing reallocation, in part or in whole, the appealing agency may submit a more robust appeal. These appeals can include any information the agency feels is relevant, whether or not it was included in the project's original application. The program will also be given the opportunity to make a brief in-person presentation to the Appeal Committee.
- The Appeal Committee will review and evaluate all notices of appeal and decide whether or not the appeal has any validity based on the appeal policy.
- All valid appeals will be read, reviewed and evaluated by the Appeal Committee.
- The Appeal Committee will hear any in-person presentations by projects facing reallocation. The appealing agency can send up to two staff members to the presentation. The presentation is limited to 5 minutes. Following the presentation, the Appeal Committee will have the opportunity to ask questions of the appealing agency. The results of the in-person presentation will not have an effect on the project's rank; it can only be used to reverse a decision to reallocate funds. The decision of the Appeal Committee will be released after deliberation.
- Appeal Committee deliberates.
- Agencies will receive, in writing, the decision of the Appeal Committee within 2 business days.
- **Appeals Panel List is submitted for consideration and approval by LHCB.**

## STATEMENT OF POLICY

All of the Scored Criteria in this tool measure renewal projects' contribution to improving the San Francisco Continuum of Care's System Performance by strengthening the overall system of care, through data collection, coordination, prioritization, and improved client outcomes. Certain scoring factors relate to specific HUD System Performance Measures, as enumerated in each factor.

\*Project participants for all housing stability measures exclude deceased clients.

\*\*For criteria based on performance outcomes data, information is collected from the most recent APRs from grant years ending in 2018. For APRs that were due in 2018 through March 2019 and received an extension beyond their deadline, the APRs will be pulled from HMIS. Additionally, projects are evaluated based on a minimum household count of 20 households. If the project did not serve 20 households in a one-year period, each scoring factor from Section 1 will be compared to the average scores from the three prior NOFA competitions. If the average score is higher, the scoring factor will be reviewed by panelists. Panelists may change those scores to match the averages based on their discretion.

\*\*\*Youth may be eligible for special cash and noncash resources including many financial aid and student assistance resources (e.g. Cal Grant Programs, Cal-SOAP, California College Promise, California Chafee Grant for Foster Youth, Middle Class Scholarship, Fullerton Guardian Scholars, EOPS)

**Public reporting burden** for this collection of information is estimated to average 2.0 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not conduct or sponsor, and a person is not required to respond to, a collection information unless that collection displays a valid OMB control number.

**Privacy Act Statement.** Except for Social Security Numbers (SSNs) and Employer Identification Numbers (EINs), the Department of Housing and Urban Development (HUD) is authorized to collect all the information required by this form under section 102 of the Department of Housing and Urban Development Reform Act of 1989, 42 U.S.C. 3531. Disclosure of SSNs and EINs is voluntary. HUD is authorized to collect this information under the Housing and Community Development Act of 1987 42 U.S.C.3543 (a). The SSN or EIN is used as a unique identifier. The information you provide will enable HUD to carry out its responsibilities under Sections 102(b), (c), and (d) of the Department of Housing and Urban Development Reform Act of 1989, Pub. L. 101-235, approved December 15, 1989. These provisions will help ensure greater accountability and integrity in the provision of certain types of assistance administered by HUD. They will also help ensure that HUD assistance for a specific housing project under Section 102(d) is not more than is necessary to make the project feasible after taking account of other government assistance. HUD will make available to the public all applicant disclosure reports for five years in the case of applications for competitive assistance, and for generally three years in the case of other applications. Update reports will be made available along with the disclosure reports, but in no case for a period generally less than three years. All reports, both initial reports and update reports, will be made available in accordance with the Freedom of Information Act (5 U.S.C. §552) and HUD's implementing regulations at 24 CFR Part 15. HUD will use the information in evaluating individual assistance applications and in performing internal administrative analyses to assist in the management of specific HUD programs. The information will also be used in making the determination under Section 102(d) whether HUD assistance for a specific housing project is more than is necessary to make the project feasible after taking account of other government assistance. You must provide all the required information. Failure to provide any required information may delay the processing of your application, and may result in sanctions and penalties, including imposition of the administrative and civil money penalties specified under 24 CFR §4.38.

**Note:** This form only covers assistance made available by the Department. States and units of general local government that carry out responsibilities under Sections 102(b) and (c) of the Reform Act must develop their own procedures for complying with the Act.

#### Part I. Threshold Determinations - Applicants Only

Part I contains information to help the applicant determine whether the remainder of the form must be completed. **Recipients filing Update Reports should not complete this Part.**

If the answer to **either** questions 1 or 2 is No, the applicant need not complete Parts II and III of the report, but must sign the certification at the end of the form.

#### Part II. Other Government Assistance and Expected Sources and Uses of Funds.

**A. Other Government Assistance.** This Part is to be completed by both applicants and recipients for assistance and recipients filing update reports. Applicants and recipients must report any other government assistance involved in the project or activity for which assistance is sought. Applicants and recipients must report any other government assistance involved in the project or activity. Other government assistance is defined in note 4 on the last page. For purposes of this definition, other government assistance is expected to be made available if, based on an assessment of all the circumstances involved, there are reasonable grounds to anticipate that the assistance will be forthcoming.

Both applicant and recipient disclosures must include all other government assistance involved with the HUD assistance, as well as any other government assistance that was made available before the request, but that has continuing vitality at the time of the request. Examples of this latter category include tax credits that provide for a number of years of tax benefits, and grant assistance that continues to benefit the project at the time of the assistance request.

The following information must be provided:

1. Enter the name and address, city, State, and zip code of the government agency making the assistance available.
2. State the type of other government assistance (e.g., loan, grant, loan insurance).
3. Enter the dollar amount of the other government assistance that is, or is expected to be, made available with respect to the project or activities for which the HUD assistance is sought (applicants) or has been provided (recipients).
4. Uses of funds. Each reportable use of funds must clearly identify the purpose to which they are to be put. Reasonable aggregations may be used, such as "total structure" to include a number of structural costs, such as roof, elevators, exterior masonry, etc.

**B. Non-Government Assistance.** Note that the applicant and recipient disclosure report must specify all expected sources and uses of funds - both from HUD **and any other source** - that have been or are to be, made available for the project or activity. Non-government sources of

funds typically include (but are not limited to) foundations and private contributors.

### Part III. Interested Parties.

This Part is to be completed by both applicants and recipients filing update reports. Applicants must provide information on:

1. All developers, contractors, or consultants involved in the application for the assistance or in the planning, development, or implementation of the project or activity and
2. any other person who has a financial interest in the project or activity for which the assistance is sought that exceeds \$50,000 or 10 percent of the assistance (whichever is lower).

**Note:** A financial interest means any financial involvement in the project or activity, including (but not limited to) situations in which an individual or entity has an equity interest in the project or activity, shares in any profit on resale or any distribution of surplus cash or other assets of the project or activity, or receives compensation for any goods or services provided in connection with the project or activity. Residency of an individual in housing for which assistance is being sought is not, by itself, considered a covered financial interest.

The information required below must be provided.

1. Enter the full names and addresses. If the person is an entity, the listing must include the full name and address of the entity as well as the CEO. Please list all names alphabetically.
2. Enter the type of participation in the project or activity for each person listed: i.e., the person's specific role in the project (e.g., contractor, consultant, planner, investor).
3. Enter the financial interest in the project or activity for each person listed. The interest must be expressed both as a dollar amount and as a percentage of the amount of the HUD assistance involved.

**Note** that if any of the source/use information required by this report has been provided elsewhere in this application package, the applicant need

not repeat the information, but need only refer to the form and location to incorporate it into this report. (It is likely that some of the information required by this report has been provided on SF 424A, and on various budget forms accompanying the application.) If this report requires information beyond that provided elsewhere in the application package, the applicant must include in this report all the additional information required.
