Housing Inventory and Point-in-Time Count 2020

CoC Sub-recipient Convening
January 10, 2020
TODAY’s AGENDA

- What is the Housing Inventory and Point-in-Time Count?
- Data Collection
- Data Quality and Corrections
- Helpful Reports and Resources
What is the Housing Inventory and Point-in-Time Count?

- Each year communities participate in a comprehensive one day tally of people living in shelters and/or unsheltered settings. This point-in-time (PIT) count provides critical information both locally and nationally about the demographics and trends of people experiencing homelessness in our community.

- There are three parts to the count: the sheltered PIT count which takes place annually, the unsheltered PIT count, which takes place every two years, and the Housing Inventory Count (HIC), which takes place every year.

- The sheltered count always takes place on a date within the last 10 days of the month in January. This year’s date is January 28, 2020.
The HIC is conducted annually. Report is on shelter and housing programs (ES, TH, RRH, PSH), including non-participating HMIS programs (e.g. DV programs) and includes:

- Bed/unit capacity
- Federal funding source
- HMIS participation
- Location (geocode and address)
- Other project details
- Utilization rate based on clients in shelter/housing during one night in January (point-in-time count)
The Point In Time (PIT) Count is conducted annually in late January, on the same day as the HIC. The report includes sheltered clients (ES, TH, Safe Haven), including clients in non-participating HMIS programs (e.g. DV programs):

- Number of households and clients served the night of the PIT
- Number of children, adults aged 18-24, adults over 24
- Race, Ethnicity, Gender, Chronic Homelessness
- Substance Abuse, Mental Illness, DV, HIV/AIDS

Information is broken out by both household type as well as specific demographics (Veterans, Parenting Youth, Unaccompanied Youth).

*Unsheltered PIT counts are conducted every other year. This year, 2020, there is no unsheltered PIT count.*
Sheltered Homeless Count: Night of January 28, 2020
  ● CHANGES
  ● ONE System
  ● Navigation Center Database
  ● Survey from Department of Homelessness and Supportive Housing (HSH)

Housing Inventory Count: Night of January 2020
  ● Reported from ONE System - includes all Permanent Housing Types as well as Shelter and Transitional Housing
Data Quality and Data Corrections

How can I support?

Data Quality

○ Demographic data: birth dates reflect minor/adult status correctly, all other demographics complete as possible
○ Enrollment/exit data: dates, head of household, group enrollments

Data Corrections

○ Work with Helpdesk to correct any data you can’t fix yourself

Communication

○ Respond to System Administration Team and HSH outreach promptly
Helpful Reports

[HUDX-225] HMIS Data Quality Report to review data quality

[GNRL-220] Program Details Report to review all data
