San Francisco and the Bay Area are in the middle of a housing affordability crisis.

Approximately 8,000 people are unhoused in San Francisco.

Every day, the City provides housing and shelter to over 14,000 people.

The pandemic reinforced that housing is both health care and the solution to homelessness.

There are approximately 2,000 people living in Shelter-in-Place hotels, which are due to close this fiscal year.

Prop C, passed by San Francisco voters in November 2018, created the Our City, Our Home (OCOH) Fund to expand programs to prevent and end homelessness.

The State allocated $2.75 billion in the budget for Project Homekey funds to support the acquisition of permanent housing.

As part of the Mayor’s Homelessness Recovery Plan, the City is committed to acquiring 1,500 new units of permanent supportive housing.

- To help meet that goal, the City is proposing to purchase 4 new buildings with a total of 368 units of housing where people can stabilize and thrive.
- Supe. Safai worked with the Mayor to make sure hotels were a viable option for permanent affordable housing.
- Buying units that are already livable shaves thousands of dollars off the cost to produce affordable housing.
Background

Homelessness impacts every neighborhood and every community within San Francisco, and we are all part of the solution.

*Proposed acquisition sites in green.
Permanent Supportive Housing (PSH) is affordable housing with onsite supportive services. Tenant have their own units and their own leases.

- HSH administers locally and federally funded supportive housing to provide long-term affordable housing to people exiting homelessness.
- The City currently funds ~10,000 units of PSH for families, TAY and adults.
- Nonprofits take over property management and cultivate a safe and uplifting environment for tenants and neighbors.
- All referrals to HSH’s Permanent Supportive Housing are managed through the Homelessness Response System’s Coordinated Entry system.
- PSH is extremely effective at stabilizing the lives of its tenants. PSH tenants have less than a 2% eviction rate.

To assist the City in addressing homelessness, HSH issued a Request for Information (RFI) to property owners to assess interest in selling.

The Property at 5630 Mission Street:

- 52 units
- Current use: motel
- Private bathrooms
- Kitchenettes in some units
- Large parcel
- Geographic diversity
- Close to public transit

http://hsh.sfgov.org
The owners of the property at 5630 Mission Street submitted property information under the RFI.

The property at 5630 Mission Street was selected based on its condition, location, price, amenities, and ability to meet the needs of a homeless population.
