

Solicitation of Information (SOI) #134.2

835 Turk Street

Contact: Monique Colón | HSHProcurements@SFGov.org

I. Summary

The City and County of San Francisco (“City”) Department of Homelessness and Supportive Housing (HSH) is soliciting Applications from Applicant providers to operate and deliver services in a newly acquired Permanent Supportive Housing (PSH) building. PSH provides permanent solutions to homelessness through housing placements, subsidies, Support Services, Property Management, and in some instances, requires time-limited Real Estate Development. HSH is seeking providers who will deliver or collaborate with other providers to deliver Support Services and Property Management services to ensure tenants can remain stably housed.

Grantees selected through this Solicitation will operate and provide services in former hotels, motels, and single room occupancy (SRO) buildings purchased and converted into PSH by the City using local Proposition C revenues, general obligation (GO) bond financing, and/or state-awarded Project Homekey funds. This Solicitation is for the following property:

Building	Address	# of Units in Building	Served Population	Services Required
A. Vantaggio Suites (formerly the Gotham Hotel)	835 Turk Street	114	<ul style="list-style-type: none"> Formerly homeless adults age 18 years or older 	<ul style="list-style-type: none"> Support Services Property Management Real Estate Development Management (time-limited)

The City will release separate solicitations for additional buildings as they are acquired.

Interested parties may submit one Application per property, and each Application must address the provision of all required service types (Support Services, Property Management, Real Estate Development Management). Two or more providers may submit a *single* collaborative Application per property. If a collaborative Application is funded, HSH is willing to create up to two agreements per property with collaborators, based on the preference of Applicants.

HSH desires Grantees with:

- An ability to lead with a Housing First philosophy, which includes principles of harm reduction and low barriers to entry;
- A racial equity-based, culturally responsive and trauma-informed approach;
- An ability to collaborate with tenants and providers with the goal of tenant housing stability; and
- The ability to begin planning for services and hiring staff immediately upon agreement execution.

Additionally, to be considered for funding under this Solicitation, Applicants must meet the following State Homekey minimum requirements:

- At least three years of experience successfully providing similar services to the served populations;
- and

- For Property Management, Applicants must have operated a project similar in scope and size to the proposed project; or operation of at least two affordable rental housing projects in the last ten years, with at least one of those projects containing at least one unit housing a tenant who qualifies as a member of the served population.

HSH anticipates agreement start dates in spring 2022, for an initial three-year agreement term with selected Grantees. The City may extend agreements for a total term no longer than ten years. It is the City’s long-term goal to transfer these properties to community ownership. The timing and nature of that process is yet to be determined, and there should be no presumption that an award under this Solicitation guarantees future ownership of any property.

III. Delivering Services with Equity

Racial equity is a set of social justice practices, rooted in a solid understanding and analysis of historical and present-day oppression, aiming towards a goal of fairness for all. As an outcome, achieving racial equity would mean living in a world where race is no longer a factor in the distribution of opportunity. Since its launch, HSH has emphasized racial equity in its work to address homelessness. In acknowledging that racism is a root cause of homelessness, it is imperative that race and racism must be discussed and addressed on an interpersonal and structural level in order to make positive impact on the lives of people experiencing homelessness.

The [HSH Strategic Framework](#) included a call for making the Homelessness Response System (HRS) more equitable as one of several guiding principles. The historic and continuing impact of anti-Blackness and white supremacy, and of homophobia and anti-trans bias, have led to vastly disproportionate levels of homelessness for communities of color, lesbian, gay, bisexual, and queer (LGBQ+) and transgender persons. Deeply racialized systems are costly and depress outcomes and life chances for people of color experiencing homelessness.

COVID-19 has heightened these impacts, with communities of color vastly more likely to be impacted. Equity must be the foundational consideration in everything HSH does, and the Department is working to bring an equity lens to the forefront of all its planning and actions.

¹ Dates are subject to change. Check the HSH website for updates.

² No questions will be accepted after the RFQ Questions Deadline except for Applicant-specific City vendor compliance questions.

³ Sites visits will occur post award.

HSH is seeking to partner with Grantees who demonstrate a deep understanding of and focus on racial equity, with the intent of achieving different outcomes in the communities HSH serves and paying close attention to those who are often excluded. Grantees shall demonstrate the ability to conduct equity focused data analyses, and to use feedback received from the served population to enhance services.

IV. Served Population

A. 835 Turk: The 835 Turk Grantee(s) shall serve formerly homeless and income-eligible adults age 18 years or older without the custody of minors below 18 years of age.

V. Referral and Prioritization

All new tenants will be referred by HSH through the Coordinated Entry System, and/or other initiatives serving high priority individuals in coordination with Coordinated Entry, such as Shelter In Place (SIP) hotel guests needing to be rehoused, Emergency Housing Voucher holders, high users of multiple systems of care, individuals being discharged from hospitals or persons with behavioral health conditions. The Coordinated Entry System organizes the City's HRS with a common, population-specific assessment, centralized data system, and prioritization method.

Eligibility criteria for PSH varies upon the subsidy funding source and may include meeting a definition of homelessness at the time of referral and placement, enrollment in specific benefits programs, income criteria and/or the ability to live independently within the structure of the housing program. Tenants who meet eligibility criteria for PSH are prioritized based on various criteria, such as levels of vulnerability, length and history of homelessness, and severity of housing barriers.

VI. Services

Grantees shall provide the following services for all properties and served populations, unless otherwise specified below.

A. Support Services shall include, but are not limited to, the following:

Grantee shall assist with the de-escalation and resolution of conflicts, as needed. Grantee shall document Housing Stability outreach and assistance provided.
6. Coordination with Property Management: Grantee shall assist tenants in communicating with, responding to, and meeting with Property Management. This may include helping a tenant to understand communications from Property Management, helping to write requests, responses, or complaints to Property Management, and attending meetings between the tenant and Property Management to facilitate communication.

Under Housing First, tenant screening and selection practices must promote accepting applicants regardless of their sobriety or use of substances, completion of treatment, or participation in services. Tenant applicants must not be rejected based on poor credit or financial history, poor or lack of rental history, criminal convictions unrelated to tenancy, or behaviors that indicate a lack of "housing readiness."
