Non-Congregate Winter Shelter

- Given the FEMA extension of reimbursement for SIP hotels, HSH is able to **repurpose local resources** that were earmarked for the SIP program in Q1 of 2022
- With these resources, HSH is opening a **non-congregate winter shelter**
 - The Cova Hotel operated by ECS – 95 rooms
 - Opened Monday, December 27th
- This shelter will operate until the end of March 2022
- Referrals to this programs will be made through SFHOT and HSOC.

Response to COVID outbreaks in shelter

- The vast majority of cases in California have been identified as the Omicron variant. Understanding of the variant is still evolving, but at this time it appears that while the variant is highly transmissible, **in the majority of cases it is also not resulting in severe illness or high rates of hospitalization.**
- Prior to last week, **no HSH shelter** had been on **paused admissions** due to an outbreak **since early October.**
- HSH and DPH continue to follow protocols in responding to outbreaks at shelters, including **pausing new admissions** when **2 or more positive cases** are identified until no new cases are identified for 14 consecutive days.
- HSH and ECS have opened a new I&Q Hotel for COVID + people at shelters and navigation centers.

Community Queue Placements for TAY & Families

- Ongoing throughout the pandemic
- From July to September 2021, **99% of all TAY & family placements** came from the community queue and 1% came from the SIP system

Community Queue for Adult Placements

- Housing placements from the community queue for adults slowed during the pandemic
- HSH is ramping up community queue placements into PSH and scattered site housing. **Over 55 people from the community queue** matched to housing since mid-November

Program Highlights: Coordinated Entry

17

🔑 Broad Scale Relaunch of Adult Community Queue

- Will be using the **batch referral process** initiated as part of the SIP housing placement process
- Batches will include **combination** of SIP and community queue clients.
- Proportion of **Community Queue placements will increase** as SIP guest demand decreases
- Initially HSH will prioritize clients in locations with existing case management services to support the documentation and housing placement process (i.e., navigation centers)

Program Highlights: Coordinated Entry
