

## Resolution Making Findings to Allow Teleconferenced Meetings Under California Government Code

RESOLVED, That the members of Local Homeless Coordinating finds as follows: The State of California and the City remain in a state of emergency due to the COVID-19 pandemic. At this meeting, the Local Homeless Coordinating has considered the circumstances of the state of emergency. State and City officials continue to recommend measures to promote physical distancing and other social distancing measures, in some settings. Because of the COVID-19 pandemic, conducting meetings of this body in person would present imminent risks to the safety of attendees, and the state of emergency continues to directly impact the ability of members to meet safely in person.

FURTHER RESOLVED, that for at least the next 30 days meetings of the Local Homeless Coordinating Board will continue to occur exclusively by teleconferencing technology (and not by any in-person meetings or any other meetings with public access to the places where any policy body member is present for the meeting). Such meetings of the Local Homeless Coordinating Board that occur by teleconferencing technology will provide an opportunity for members of the public to address this body and will otherwise occur in a manner that protects the statutory and constitutional rights of parties and the members of the public attending the meeting via teleconferencing.

FURTHER RESOLVED, That the secretary and staff of the Local Homeless Coordinating Board is directed to place a resolution substantially similar to this resolution on the agenda of a future meeting of the Local Homeless Coordinating Board within the next 30 days. If the Local Homeless Coordinating Board does not meet within the next 30 days, the staff is directed to place a such resolution on the agenda of the next meeting of the Local Homeless Coordinating Board.
