Coordinated Entry

Local Homeless Coordinating Board Coordinated Entry | February 14, 2023

Agenda

1. Welcome and Introductions
2. Coordinated Entry Update
3. Coordinated Entry Redesign
 - Recommendation Highlights
4. Public Comment
5. Adjournment

What is Coordinated Entry?

• **“Front Door”** of San Francisco’s Homelessness Response System

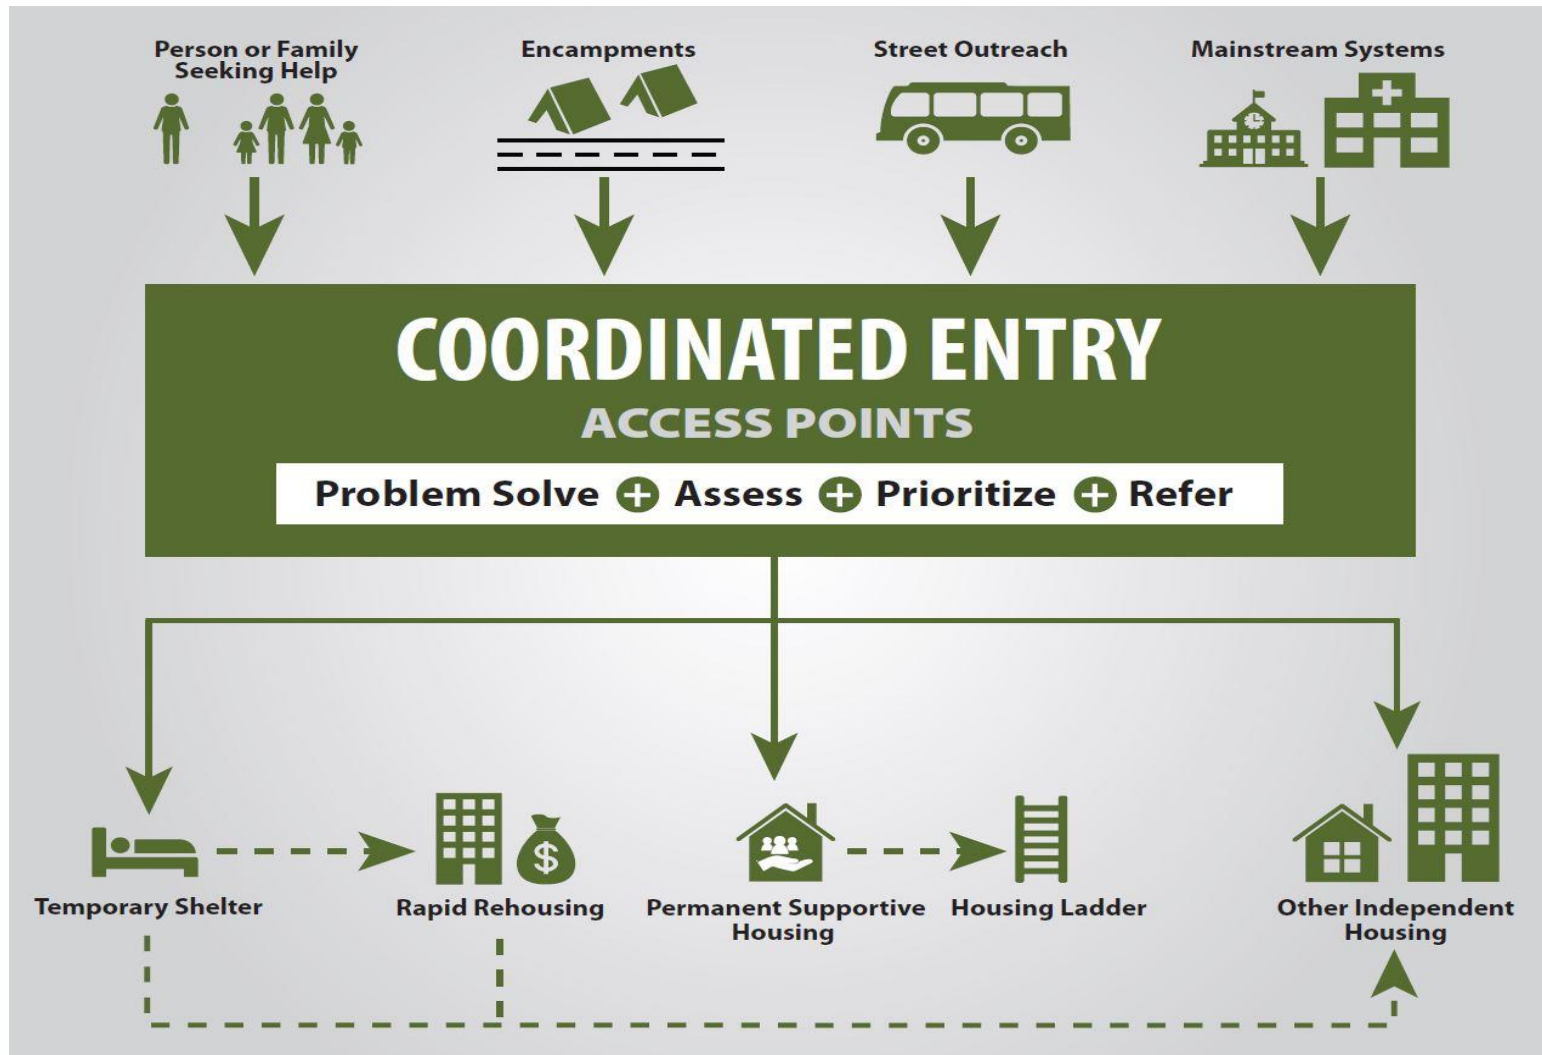

- Consistent, streamlined process for households experiencing homelessness to access available housing and community resources needed to resolve their housing crisis.
- The goal of Coordinated Entry is to increase the efficiency of local crisis response systems, improve equity and fairness, and ease of access to resources.

Effective Homelessness Response System

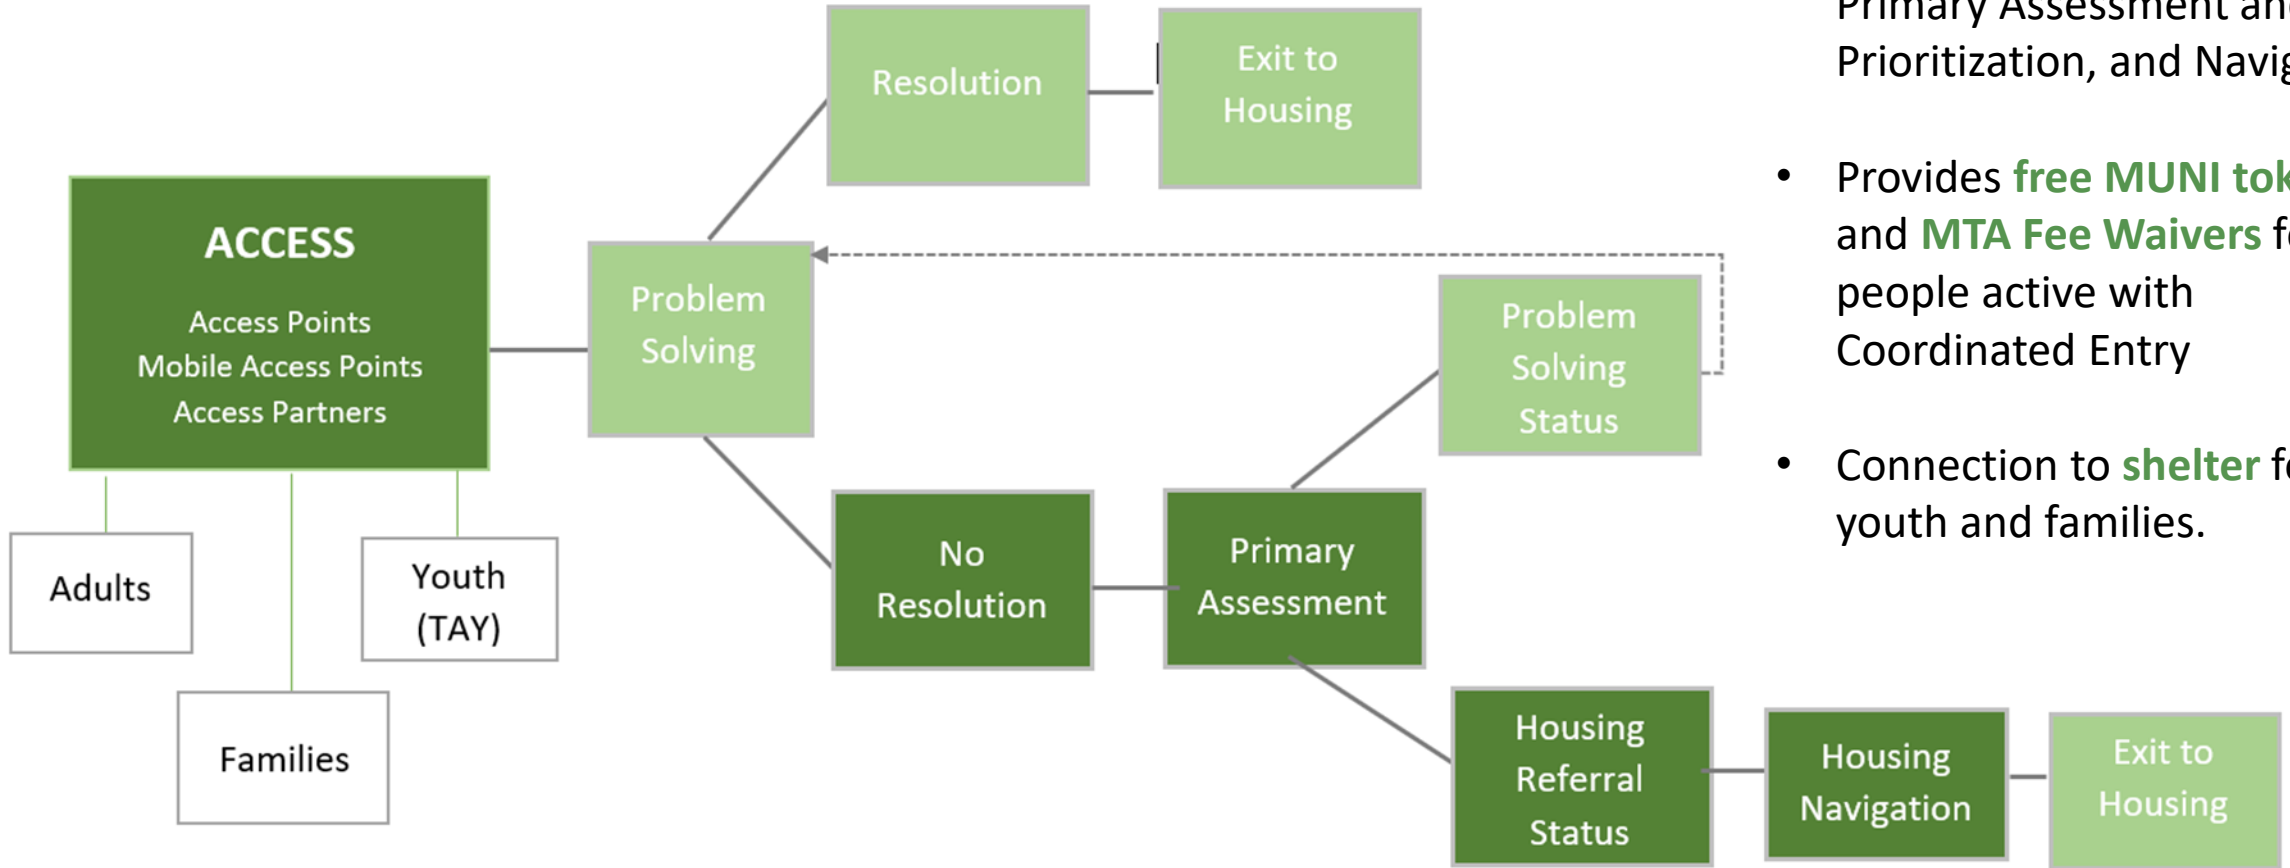

Uses a coordinated approach to align interventions with the **purpose** to permanently and equitably house people as quickly as possible and prevent people from imminent homelessness

Coordinated Entry Process

Coordinated Entry Access

- Provides Problem Solving interventions, Housing Primary Assessment and Prioritization, and Navigation.
- Provides **free MUNI tokens** and **MTA Fee Waivers** for people active with Coordinated Entry
- Connection to **shelter** for youth and families.

Problem Solving

- **First intervention** households are offered at the Access Points. Staff will engage in exploratory conversations to help identify possible pathways to resolve their housing crisis **without the need for shelter or ongoing support.**
- The foundation of Problem Solving is a creative, strengths-based conversation(s) that helps people explore all safe housing options available to them – the person or household drives their own solutions. Problem Solving interventions include:
 - Problem Solving conversations
 - Housing location assistance
 - Reunification, mediation, and conflict resolution
 - Financial assistance
 - Connections to employment
 - Referrals to a range of community services
 - Travel and relocation support

Problem Solving is a continuous resource. [Learn more about Problem Solving on the HSH website.](#)

Housing Assessment

- If the household is not able to resolve their homelessness through Problem Solving, they are offered a Housing Primary Assessment.
- HSH Housing Primary Assessment is an interview tool used to assess vulnerability, barriers to housing and chronicity of homelessness:
 - **Vulnerability:** experience of trauma and violence, physical and behavioral health, and use of crisis services, among other factors
 - **Barriers to housing:** includes legal issues, income, and overall resources available
 - **Chronicity of homelessness:** history and frequency of homelessness

[Learn more about the Adult, TAY and Family Housing Primary Assessment](#)

Prioritization

• **Housing Referral Status:** people experiencing homelessness who are prioritized for housing based on their health *vulnerability, barriers to housing, and chronicity of homelessness*

- Housing status is determined by the Housing Assessment Process
- Housing navigators are assigned to households and then matched to housing interventions

• **Problem Solving Status:**

- Households are provided continuous Problem Solving interventions to identify other pathways without needing to access the Homelessness Response System. These can include housing location assistance and relocation support outside San Francisco.

Both Housing Referral Status and Problem Solving Status represent a path to permanent housing.

Rehousing Impact Update

As of the end of 2022, the San Francisco Shelter-in-Place (SIP) Hotel Program sites have all now demobilized. Adults experiencing homelessness who are Housing Referral Status and who are living in settings outside of the Navigation Centers, Shelters, and other Crisis Stabilization settings continue to experience delays.

HSH and our partners encourage all Housing Referral Status people living outside of these shelter settings to take the following actions:

1. Complete and sign a San Francisco Homelessness Response System Release of Information and Human Services Agency Release of Information
2. Upload the signed releases to ONE System at an Adult Access Point (SF HOT or Navigation Center).

Coordinated Entry Administrative Review

- If anyone is unable to adequately self-report their history with homelessness, barriers to housing or vulnerability during the Housing Primary Assessment, a provider can request an Administrative Review.
- Available to any provider working closely with the household, ideally a case manager or clinician.
- Households cannot request an Administrative Review for themselves.
- Contact HSHAdminReview@sfgov.org | Visit the [Administrative Review page on the HSH website](#) for more information.

Coordinated Entry Access Partners

- **Access Partners** are other public entities that frequently serve people who are unhoused in SF, and generally do not receive funding or have HSH contracts with Coordinated Entry (examples: Department of Public Health residential facilities; SF Homeless Outreach Team, Veterans Affairs).
- Staff at these organizations can conduct **Housing Primary Assessments**.
- Coordinated Entry Housing Primary Assessments are a small part of their work.

Multidisciplinary Team (MDT)

- **Coordination** between Human Services Agency, HSH, and other government and provider partners (example: Bay Area Legal Aid (BALA), Housing and Disability Advocacy Program (HDAP)).
- Goal to ensure **Adults or Youth of temporary shelters** have:
 - Met with a Coordinated Entry Access Point for Problem Solving, Assessment, and Prioritization.
 - Applied for all potential public benefits such as Supplemental Security Income (SSI), CAAP (cash aid), CalFresh, and Medi-Cal.
- **Scattered Site Housing** HSH Coordinated Entry & Housing will be working with our partners to include referral to Rapid Rehousing and Flex Housing Subsidy Pool in the Multidisciplinary Team, more information will be available in March.

Multidisciplinary Team (MDT) Schedule

17

- Tuesday to Friday, **February 21- 24, 2023**
9:00am – 3:00pm
Baldwin House, [74 6th St.](#)

Dynamic Prioritization

- Coordinated Entry provides a **dynamic process for prioritizing** people who are Housing Referral Status based on available and anticipated housing placements across San Francisco's Homelessness Response System.
- Prioritization is primarily based on the score from the Housing Primary Assessment. Scores can range from 0 – 160.
- HSH regularly adjusts the range for Housing Referral Status for Permanent Supportive Housing and Rapid Rehousing depending on the **supply** of available housing and **number of people experiencing homelessness** known to Coordinated Entry.
 - [Current thresholds are public on the HSH website.](#)
 - Ranges are specific to the subpopulations served.
 - Any Household experiencing homelessness who is Housing Referral Status before a range adjustment remains Housing Referral Status after the range adjustment.
