#### **Background**

Community Forward SF (known as Community Awareness and Treatment Services (CATS) before 2020) has been operating A Woman's Place since May 1995. The intent of this program is to provide 24/7 emergency shelter, support services, and case management to individuals who identify as women and are experiencing homelessness. This is the only homeless shelter in San Francisco with a sole-focus on providing services and resources for individuals who identify as women.

#### **Services to be Provided**

The purpose of the grant is to provide shelter and support services to female-identified single adults who are experiencing homelessness and do not have a fixed, regular, or adequate nighttime residence. Grantee will provide services to 25 individuals with a total budgeted staff of 6.36 full time equivalent (FTE).

#### Selection

The Board of Supervisors adopted Ordinance No. 61-19, which authorizes HSH to enter into and amend contracts and grants without adhering to the Administrative Code provisions regarding requirements for construction work, procurement, and personal services related to the shelter crisis, which is valid until May 2024, or until the Point In Time (PIT) count is at 5,350. Community Forward SF was selected for provision of these services based on the organization's experience and ability to begin services in a timely manner. Community Forward SF has been providing services for A Woman's Place Shelter since May of 1995.

### **Performance History**

Community Forward SF underwent fiscal monitoring most recently in FY 22-23 and there were no findings.

Community Forward SF underwent program monitoring most recently in FY22-23. The programmatic contract monitoring site visit was conducted on May 16, 2023. The site visit included a review of program policies and procedures, staff development and training activities, outreach procedures and materials, staffing pattern and job descriptions and quarterly and annual reports. The following findings were cited for this FY22-23:

- Case files missing case plans.
- Case files missing outcomes.
- Case files missing progress notes.

All findings were rectified on July 9, 2023. The provider is in good standing and in compliance.
