The Department of Homelessness and Supportive Housing (HSH) Contracts team requests authorization to enter into a new grant agreement with Eviction Defense Collaborative (EDC) for the provision of Temporary Shelter Advocacy for the period of July 1, 2024 to June 30, 2029. This new agreement is for new services awarded following a competitive bidding process.

#### Background

San Francisco's Shelter System adopted the Shelter Grievance Policy in 1992 and subsequently the city enacted legislation to codify this policy as the Shelter Grievance Ordinance (SGO) in 2022. The SGO defines the due process rights of shelter guests receiving a denial of service (DOS) from shelter for a rule violation and establishes a two-stage appeals process. The SGO establishes a guest's right to a Shelter Client Advocate (SCA) who supports and represents shelter guests during appeals. The Temporary Shelter Advocacy contract with EDC funds the SCA role.

Eviction Defense Collaborative is responsible for supporting clients as they navigate the shelter hearing and arbitration process if they received a denial of service for a program rule violation. EDC is also responsible for providing outreach services by visiting each shelter site to discuss their services with

shelter guests and shelter staff. EDC is responsible for providing advocacy services to guests across HSH's shelter system, including adult, family, and transition aged youth (TAY) shelter and transitional housing sites. EDC has represented over 500 clients annually during the shelter hearing and arbitration process.

### Services to be Provided

The purpose of the grant is to provide Temporary Shelter Advocacy to adults and families experiencing homelessness in San Francisco. Grantee will provide services to 500 or more clients at hearings each year with a budgeted staff of 4.65 full-time equivalent (FTE).

### Selection

Grantee was selected through Request for Proposals (RFP) # 143, which is valid until June 30, 2034. EDC was the sole respondent to RFP #143.

### **Performance History**

EDC underwent fiscal monitoring most recently in FY22-23. The Final Status Letter for the monitoring included the following finding: less than 15 percent of funding from non-City sources and grantee cannot demonstrate non-City fundraising efforts. EDC will undergo expanded monitoring in FY 23-24.

The annual program monitoring for FY 22-23 was completed on July 11, 2023. EDC received 9 findings and recommendations to improve client records, case notes and outcomes, staff training records, expand training opportunities for staff, improve communication and relationships with providers and better satisfaction survey metrics. On December 29, 2023, EDC provided a formal response to HSH outlining their commitment and plan to resolve these findings. Since that time, EDC has continued to work with HSH on these findings and has made improvements in several areas including professional conduct with HSH and shelter providers. This has lowered the number of complaints received. Resolution to the remaining findings will be evaluated during the next annual contract monitoring site visit.
