The Department of Homelessness and Supportive Housing (HSH) Contracts team requests authorization to amend the existing grant with Lutheran Social Services of Northern CA (LSS) for the provision of Kinney Hotel (Emergency Stabilization & Property Management) for the period of July 1, 2021, to June 30, 2026, in an additional amount of \$2,274,036. The amendment extends the agreement term by two additional performance years and incorporates Cost of Doing Business (CODB) increases for FY24-25 and FY25-26. The new NTE amount is \$5,668,346, which includes \$454,807 in contingency.²

Background

LSS has managed an Emergency Stabilization and Transitional Housing Program(s) at the Kinney Hotel since April 1, 2012 through a master lease agreement with the building owner, with primarily U.S. Department of Housing & Urban Development (HUD) Housing Opportunities for Persons with AIDS (HOPWA) funding. In 2021, HSH and LSS entered into a contract to fund the programs, which later evolved into the current Shelter and Permanent Supportive Housing programs operating at the Kinney Hotel. LSS entered into a new master lease agreement with the building owner for a five-year term ending June 30, 2026, with an option for LSS to exercise an additional five-year term lease extension.

The Emergency Stabilization program component operates out of the Kinney Hotel which is located at 410 Eddy Street. It was designed to serve 21 HIV positive individuals who are determined to be medically stable and receiving case management services. The program was originally designed to offer respite to guests for a maximum of 28 days per year, and is one of the programs that the Department of Public Health (DPH) transferred to HSH after its formation. In 2022, the Emergency Stabilization program component was placed under the adult shelter system and aligned with the shelter policies. It does not currently have a maximum length of stay. Guests who meet eligibility criteria are identified and referred to LSS though an established set of community partners who work with the served population and have access to the AIDS Regional Information/Evaluation System (ARIES system). This is the only shelter program in San Francisco designed to work exclusively with the HIV positive community.

The Property Management/Permanent Supportive Housing program component at the Kinney Hotel is a HOPWA and HSH funded program for homeless HIV positive adults who have been incarcerated at the county, state, or federal levels for at least three days within the past two years. The program provides permanent supportive housing for 30 tenants in addition to coordinated case management support to help them stabilize and thrive. The Kinney Hotel is one of only two programs in the country serving a unique and underserved population (intersection of HIV positive and justice involved). The original HSH grant agreement was executed for the period of July 1, 2021 to June 30, 2024.

Services to be Provided

The purpose of the grant is to fund two programs at The Kinney Hotel, serving HIV positive adults aged 18 years or older without the custody of minors below 18 years of age.

- 1. Through the Emergency Stabilization program, LSS provides 21 units of temporary shelter with onsite case coordination services to guests who are currently homeless or at-risk of becoming homeless, with a budgeted total of 1.44 full time equivalent (FTE).
- Through the Property Management and Master Lease Stewardship program, LSS provides 30 units
 of Permanent Supportive Housing to formerly homeless and income-eligible adults who have been
 incarcerated for at least three days within the last two years. The program budget funds the rental
 of the property and operational expenditures. Support services are funded through the HOPWA
 grant.

Grant Amendment Approval: Lutheran Social Services of Northern CA | Kinney Hotel (Emergency Stabilization & Property Management)

The provider was unable to utilize its full budget during FY21-22 because Emergency Stabilization program component had a vacant Case Manager position and the Property Management/Permanent Supportive Housing program did not start billable operations until December 2021 due to a delay in LSS reaching agreement with the landlord over the master lease terms.

Selection

The Board of Supervisors originally adopted Ordinance No. 61-19 which was extended under Ordinance No. 38-24, authorizing HSH to enter into and amend contracts and grants without adhering to the Administrative Code provisions regarding requirements for construction work, procurement, and personal services related to the shelter crisis. The authorization is valid through May 5, 2029, or until the Point In Time (PIT) count is at 2,199. LSS was selected for provision of these services based on the organization's experience and ability to begin services in a timely manner. LSS has been providing program services at the Kinney Hotel since April 1, 2012.

Performance History

LSS underwent citywide nonprofit fiscal monitoring most recently in FY22-23 and there were no unresolved findings.

LSS most recently underwent and completed the annual program monitoring in FY22-23. The Emergency Stabilization Program component had no findings. The Property Management/Permanent Supportive Housing program component had a few findings that were identified, and LSS responded with a clear plan and time frame for resolutions. These include a plan to obtain a higher rate of completed tenant surveys and a plan to increase the overall housing retention rate.

During FY21-22 there was underspending in both program components. The Emergency Stabilization program had a vacant Case Manager position, and the Property Management/Permanent Supportive Housing program did not start billable operations until December 2021 due to a delay in reaching an agreement with the landlord over the master lease terms.

During FY23-24, the Kinney underwent extensive construction following a fire and flood that put many of the units offline. As a result, the program was unable to accommodate new referrals and about 13 units were offline for most of the fiscal year, decreasing the overall occupancy rate. Construction is complete as of March 2024, and new referrals will begin as soon as possible.

In December 2022, LSS was notified that a receivership company assumed ownership responsibilities for the property on behalf of a bank. In 2024, HSH notified LSS of concerns related to master lease owner responsibilities including compliance with applicable local ordinances and housing quality standards that needed to be addressed to continue funding the program at that location. The bank and receivership company have since provided a written commitment to come into compliance with these concerns. If the property is sold, the new owner will assume all responsibilities of the existing master lease agreement.
